EDUCATION

- **SRM Institute of Science and Technology**, India
BTech in Computer Science and Engineering
- **Narayana Junior College**, India
XII PCM(state board)

CGPA: 8.46
Sep 2021 - June 2025
Percentage : 94.4%
2019-2021

WORK EXPERIENCE

- **Web Developer Intern, Edunet Foundation | Virtual**
- Utilized HTML, CSS, and JavaScript to ensure a smooth user experience.
- Troubleshooted and debugged issues, improving website performance by 20%.
- Successfully tackled the task of creating a replica of the Myntra website.

MAY-JULY, 2023

PROJECTS

- **BookStore App | React.js, Express.js, Node.js, MongoDB, Tailwind CSS | [Github](https://github.com)**
- I developed a full-stack a bookstore website with CRUD operations for books used CORS policy ensuring secure data transfer from backend to frontend.
- Implemented RESTful APIs and achieved a 20% performance improvement through optimization techniques used Tailwind CSS for better User Interaction and User Experience .
- **Ecommerce Application | MongoDB , React.js, Express.js, Node.js, TypeScript | [Github](https://github.com)**
- I Developed a full-stack e-commerce application using MERN stack and TypeScript, implementing robust user authentication and middleware integration to secure data transfer.
- Dynamically displaying products to authenticated users with full CRUD operations on cart and products
- Reduced login times by 30% through improved authentication and middleware integration.
Implemented TypeScript for type-safe development, reducing bugs by 15%.
- **Chat-App: Scalable Chat Applicaion | MERN , Socket.io , Daisy UI , Zustand | [Github](https://github.com)**
- I developed Authentication feature for users, enhancing the app's privacy and security features
- I implanted the online user status functionality using Socket.io and React Context, allowing users to see the online/offline status of their contacts in real time with users.
- Integrated Socket.io for real-time messaging, enabling instant communication and interaction between users with live updates and notifications.
- Achieved a 95% customer satisfaction rating based on user feedback.

SKILLS

Technical Skills:

- Languages: C++, JavaScript, TypeScript
- Web Development: React.js, Express.js, Node.js, Tailwind CSS, Daisy UI
- Database: MySQL, MongoDB
- Tools and Technologies: Git, RESTful API, VS Code, Postman, Docker, Github, Vercel

Soft Skills:

Leadership, Teamwork, Adaptability, Time Management, Stress Management, Conflict Resolution

Achievements

- **Solved 100+ problems** on [Leetcode](https://leetcode.com), [CodingNinjas](https://www.codingninjas.com) and [Codechef](https://www.codechef.com)
